Enclosures—No 1

Sir—

I have the honour to state that in receipt of the petition (herein returned) from Narahari Rao and other students of Channarayana, forwarded to you by the December last, I sent it to the Head Master of the Taluk School with a request to send me a list of boys that have completed the 3rd standard and yet to learn English, and I now submit the list I got from him. It will be seen from it that there

are 13 boys in the 5th and 4 classes, who are fit to learn English, besides several others - among these the petitioners also. That have gone to outstations to study the language. I saw 12 boys in the Kaimara school this morning whose parents, I was told, are very anxious to give them an English education but are unable to do it for want of a school. Boys from neighbouring villages are also said to come if a school were established. About 25 boys in all may attend.

Mr Kichine Ars, the Amildar, with whom I have a talk on the subject, this morning, also told me that the want of an English school was much felt by the townspeople. When you visited the place last year a deputation of the principal inhabitants waited on you and represented to you in person the difficulties they have in sending their children to other places for education, and prayed that a school might be given to them. I hear that even those boys that have now gone to outstations are put to great inconvenience with regard to their meals &c and that they will come back as soon as a school is started here. I therefore beg that you will be pleased to sanction the establishment of an English school in the town as prayed for by the petitioners, the provision of the Creeken school (now closed) being utilized for the purpose.

for accommodation, the building opposite
the Chattram in which the Brahm-in-Ast Sans-
krit school was held before, will do capitally
well.

I have the honor to be

Your most obedient Servant.

Open Superintendent of School,

Mentary Memo
Opening of a Municipal English
School at Chennayapatna

Dated 16th June 1893
Submitted for Order.

The Deputy Commissioner of Hassan in his letter to the Education Secretary No 1159 dated 31st May 1893 proposes that an English class or classes be opened in connection with the Chennayapatna Taluk Kannada School from the 1st July 1893. He estimates the fee income to be not less than Rs 12 a month. The Deputy Inspector of Schools Hassan & Kolar District also writes in his letter H No 495 of the 6th June that about 25 boys may join the English classes. The letters of the Deputy Commissioner & the Deputy Inspector are herewith enclosed. The Deputy Commissioner says that provision has been made in the municipal budget of 1893-94 for the share of the municipality in the cost of the school. He does not mention the amount provided. Under these circumstances I submit that the following scale may be sanctioned Rs 15 for the teacher, Rs 5 for a peon, and 1 Rs for contingencies or Rs 21 x 12 = 252 annually. Of this amount three-fifths or Rs 189 may be entered on the Expenditure side of the Municipal

Budget and Rs 126⁰⁰ as fee receipts
on the Receipts side, the municipality
contributing one-fourth of the cost Rs 63
